

Friends of Rupert House Second-Hand Uniform Sale

Guidelines

1. Please bring your clothes to be sold prior to the sale, where possible. As it is not always possible to get your clothes out to sell on the same day as the sale, as it can be very busy.
2. Make sure that all clothes are laundered, i.e. washed and ironed. It is preferable that blazers are dry-cleaned. This is to ensure that we don't attract moths. If this should happen we will lose a lot of stock and a lot of people will be affected.
3. All items should be in good condition or mended appropriately. Any items that are deemed worn out, washed out or have holes in will be rejected. If buttons are missing, please note on the ticket, as replacements are usually available.
4. All items should be priced up, with the ticket pinned on before they can be put on the rails.
5. Pricing tickets can be obtained from the School Office, the Second-Hand Uniform Sale Co-ordinator, school website or on the day of the sale.
6. Once items have been priced, please complete a seller's list, also found on the school website or from the Second-Hand Uniform Sale Co-ordinator. If bags of clothes are received without a completed Sellers List, your clothes will be returned to you for its completion.
7. For ideas on pricing, see below – and these are only ideas! – obviously, if they are in very good condition or even new you can charge more.
